ABAC.EDU

Georgia Institute
of Technology

Degrees that can be used in forestry and manufacturing, including Environmental Engineering GIS & Technology; Manufacturing Leadership; Sustainable Energy and Environmental Management

GATECH.EDU

PAT STOCKETT
Wildland Firefighter

“My favorite part of working in the forest is coming in after a wildfire or doing a prescribed burn and seeing how the plants and the animals come back, and at times how much better they are.”

DR. CATERINA VILLARI
Forest Pathologist

“I was always interested in STEM disciplines, but I wanted to have a direct impact. Forestry seemed like something where you could do something right away.”

DEXTER STROTHER
Research Ecologist

“I never thought I’d have a job that would take me everywhere, where I’m considered a national resource; I really enjoy that.”

HARRY SANDERS
Timber Harvester

“Logging is hard work, but it’s very rewarding. You get to work alongside people every day, you get to be out in nature, you get to run this huge equipment. It’s just a fun job.”

CALEB SKIPPER
Timber Buyer

“It’s all about sustainability. Without doing this [job] we can’t generate the next crop of trees.”

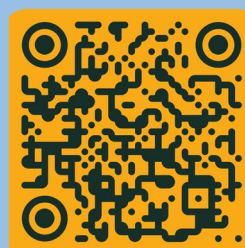

BENNIE BRYANT
Printing Operator

“It’s a really great job. I love the opportunity I have here. I love what I do, I love who I work with and my surroundings; we’re all family here.”
